

REMARKS**Summary of the Office Action**

In the Office Action, the drawings and specification are objected to for certain informalities.

Claims 1-8 are allowed.

Summary Response to the Office Action

Applicant wishes to thank the Examiner for allowing claims 1-8. Figures 3-7B of the drawings have been corrected and certain paragraphs of the specification have been amended to correct for certain informalities identified in the Office Action.

Drawings

To overcome the Office Action's objection of the drawings, Applicant concurrently files herewith a Submission of Replacement Drawings with two (2) sheets of replacement drawings to substitute for the original filed drawing sheets. The replacement drawings, Figs. 3-7B are amended to indicate "Related Art" as suggested by the Examiner. Applicant respectfully requests that the objection to the drawings be removed.

Figures 1-2 stand objected to for allegedly not showing every feature of the invention recited in the claims. Specifically, the Office Action alleges that the "left and right recesses" recited in claims 1 and 2 are not shown. Applicant respectfully submits that each and every feature recited in claims 1 and 2 are shown in the figures. The "left and right recesses," recited in claims 1 and 2 are, in fact, the spherical depressions 9 and 10 as seen in Figs. 1A and 1B. Support in specification for these features can be found at least at page 6, lines 22-25. Therefore, Applicant respectfully requests that the objection to the drawings be removed.
